MATING RATIONALE

This is a great physical match and also one that can be expected to throw a high class 2yo as the covering sire (CAPITALIST), damsire (Helmet) and the family have an abundance of speed and 2yo stakes performances in their profiles and there is plenty in Zeehan's pedigree to suggest the potential foal will train on.

VETERINARY REPORT: Attribution

Bay Thoroughbred Mare / Microchip: 985100012133459

Brands NSS: Arabic G above star inside circle OSS: 86 over 7

Report requested by: Godolphin Australia Pty Ltd - Denman / Godolphin / Australia - Woodlands (Darley) / Dr. Sam Nugent / Insurance Co.

The above horse was referred to Scone Equine Hospital by Dr. Sam Nugent for treatment of bilateral sinusitis. The cause of the sinusitis is not known, however, an old injury to the sinuses/nasal passages is suspected. Dental pathology was ruled out by the referring veterinarian.

The horse was treated with broad-spectrum antibiotics (penicillin and gentamicin) and non-steroidal anti-inflammatory medication (phenylbutazone). She was sedated in standing stocks and the skin over the affected sinuses was desensitized. Small trephine holes were created into the left and right frontal sinuses, and an infusion set was inserted into each sinus to permit lavage. The sinuses were lavaged with 2L of sterile saline solution. The procedure was well tolerated.

The mare will be discharged home today for continued treatment. Lavage and antibiotics are good initial steps in treating sinusitis. However, if the infection does not resolve, more aggressive surgical treatment may be necessary.

Discharge Instructions:

1. Confine to a stable or covered yard for 1 week.
2. Feed on the ground to promote sinus drainage.
3. Please lavage both the left and right frontal sinus daily with 1L sterile saline for 4 days. The spike attached to the drip chamber of the infusion set can be inserted into a 1L bag of saline. Unlock the roller clamp, and squeeze the 1L bag of saline to lavage the sinus. You should see fluid come out of the mare's nostril.

This well bred mare is in foal to champion and Horse of the Year GHAIYYATH whose best wins were at 2000m. As she hails from a stamina oriented family we believe this mating may well be the most suitable this mare has had. The cross between GHAIYYATH's sire, champion Dubawi and Street Cry, the sire of Brilliance has already produced 7 stakes winners including G1w ALBAHR.

MATING RATIONALE

This well bred mare is in foal to champion Two and Three-Year-Old TOO DARN HOT (Dubawi). As they stand on different continents there are very few horses bred on the direct cross between Dubawi and Medaglia d'Oro thus far but the mating repeats the very successful cross of Dubawi over the Sadler's Wells line responsible for the likes of champion G1w GHAIYYATH and G1w NIGHT OF THUNDER amongst many others. Medaglia d'Oro as a sire has a great affinity with Mr Prospector line horses.

Savabeel already has G1w NEVER BEEN KISSED from one of his daughters by a Sadler's Wells line stallion. As a sire he has also sired 4 G1 winners when crossed with Sadler's Wells line mares, including champion G1w LUCIA VALENTINA. This is therefore a proven cross. It also made good sense to send the well bred Gremlin to KERMADEC whose aptitude is similar to that of her family and who can hopefully throw a high class mile to mile and a quarter horse.

MATING RATIONALE

This is a big scopey Teofilo mare with a pedigree that suggests she might throw a classic winner. The resultant foal from this mating will be a close genetic relation to G3p Chenier, the Medaglia d'Oro half brother to this mare. Opelousas is bred on the Sadler's Wells/Zabeel cross and by mating her back to a different branch of the Sadler's Wells line in ASTERN we were hoping to capitalise on his influence. G1w MAC SWINEY who is by New Approach from a Teofilo mare is bred in a similar manner.
