**To whom it may concern:**

The above animal has been kept at Wellbottom Yard, Moulton Paddocks, Bury Road, Newmarket, Suffolk.

These premises are regularly attended by this practice and for at least 30 days prior to the date of this declaration the above animal has been under veterinary supervision by this practice.

These premises are not subject to any notifiable disease restrictions and to the best of my knowledge no cases of infectious or contagious diseases have been reported at these premises during the 30 days prior to the date of this declaration.

The above animal has not, to my knowledge, been in contact with equidae showing clinical signs of African horse sickness, Dourine, Glanders, Equine encephalomyelitis, Equine Infectious Anaemia, Vesicular stomatitis, Rabies, Anthrax Borna disease, Contagious Equine Metritis, Equine Viral Arteritis, Epizootic lymphangitis, Hendra virus infection or Surra during the 30 days prior to the date of this declaration.
