Significant lacerations to the front of both hind cannons with some damage to the extensor tendon in the right hindlimb after a paddock incident.

These hindlimb wounds have healed, but he still has significant scarring associated with these wounds. Mild lameness and swelling of the hindlimbs has been manageable through his training preparations.

He has previously had a stringhalt appearance in the right hindlimb for a short period of time. He currently has a stringhalt appearance in the left hindlimb at the walk and trot but has maintained racing soundness while in training with Godolphin.
